Ignite Innovate Impact

About RNSIT

Established in 2001, RNS Institute of Technology (RNSIT) is a premier engineering college in Bengaluru. With a vibrant campus and modern infrastructure, RNSIT is home to thousands of aspiring engineers guided by experienced faculty. The institute is well known for its innovation, research culture, and strong industry connect, ensuring excellent placement opportunities every year.

ImpactX'25

ImpactX 25 is RNSIT's flagship 24-hour state-level hackathon, bringing together hundreds of students from across Karnataka to innovate and solve real-world problems. Participants collaborate in teams, explore cutting-edge technologies, and receive guidance from industry mentors. The event celebrates creativity, learning, and competition, with exciting prizes and opportunities to showcase projects to a wide audience.

About IEEE CS

The IEEE Computer Society student chapter at RNSIT is one of the most active technical communities on campus. It empowers students to explore computing and emerging technologies through workshops, hackathons, and expert talks, while fostering innovation, collaboration, and industry connections.
